### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

These notes are an integral part of the financial statements of Murphy Oil Corporation and Consolidated Subsidiaries (Murphy/the Company) on pages 1 through 3 of this Form 10-Q report.

### NOTE A - INTERIM FINANCIAL STATEMENTS

The consolidated financial statements of the Company presented herein have not been audited by independent auditors, except for the Consolidated Balance Sheet at December 31, 1999. In the opinion of Murphy's management, the unaudited financial statements presented herein include all accruals necessary to present fairly the Company's financial position at June 30, 2000, and the results of operations and cash flows for the three-month and six-month periods ended June 30, 2000 and 1999, in conformity with generally accepted accounting principles.

Financial statements and notes to consolidated financial statements included in this Form 10-Q report should be read in conjunction with the Company's 1999 Form 10-K report, as certain notes and other pertinent information have been abbreviated or omitted in this report. Financial results for the six months ended June 30, 2000 are not necessarily indicative of future results.

### NOTE B - ENVIRONMENTAL CONTINGENCIES

The Company's operations are subject to numerous laws and regulations intended to protect the environment and/or impose remedial obligations. The Company is also involved in personal injury and property damage claims, allegedly caused by exposure to or by the release or disposal of materials manufactured or used in the Company's operations. The Company operates or has previously operated certain sites and facilities, including refineries, oil and gas fields, gasoline stations, and terminals, for which known or potential obligations for environmental remediation exist.

Under the Company's accounting policies, an environmental liability is recorded when an obligation is probable and the cost can be reasonably estimated. If there is a range of reasonably estimated costs, the most likely amount will be recorded, or if no amount is most likely, the minimum of the range is used. Recorded liabilities are reviewed quarterly. Actual cash expenditures often occur one or more years after a liability is recognized.

The Company's reserve for remedial obligations, which is included in "Deferred Credits and Other Liabilities" in the Consolidated Balance Sheets, contains certain amounts that are based on anticipated regulatory approval for proposed remediation of former refinery waste sites. If regulatory authorities require more costly alternatives than the proposed processes, future expenditures could exceed the amount reserved by up to an estimated \$3 million.

The Company has received notices from the U.S. Environmental Protection Agency (EPA) that it is currently considered a Potentially Responsible Party (PRP) at three Superfund sites and has also been assigned responsibility by defendants at another Superfund site. The potential total cost to all parties to perform necessary remedial work at these sites may be substantial. Based on currently available information, the Company has reason to believe that it is a "de minimus" party as to ultimate responsibility at the four sites. The Company does not expect that its related remedial costs will be material to its financial condition or its results of operations, and it has not provided a reserve for remedial costs on Superfund sites. Additional information may become known in the future that would alter this assessment, including any requirement to bear a pro rata share of costs attributable to nonparticipating PRPs or indications of additional responsibility by the Company.

On June 29, 2000, the U.S. Government and the State of Wisconsin each filed a lawsuit against Murphy in the U.S. District Court for the Western District of Wisconsin. The suits, arising out of a 1998 compliance inspection, include claims for alleged violations of federal and state environmental laws at Murphy's Superior, Wisconsin refinery. The suits seek compliance as well as substantial monetary penalties. The Company believes it has valid defenses to these allegations and plans a vigorous defense. While no assurance can be given, the Company does not believe that these or other known environmental matters will have a material adverse effect on its financial condition. There is the possibility that expenditures could be required at currently unidentified sites, and new or revised regulations could require additional expenditures at known sites. Such expenditures could materially affect the results of operations in a future period.

### NOTE B - ENVIRONMENTAL CONTINGENCIES (CONTD.)

Certain environmental expenditures are likely to be recovered by the Company from other sources, primarily environmental funds maintained by certain states. Since no assurance can be given that future recoveries from other sources will occur, the Company has not recognized a benefit for likely recoveries at June 30, 2000.

### NOTE C - OTHER CONTINGENCIES

The Company's operations and earnings have been and may be affected by various other forms of governmental action both in the United States and throughout the world. Examples of such governmental action include, but are by no means limited to: tax increases and retroactive tax claims; import and export controls; price controls; currency controls; allocation of supplies of crude oil and petroleum products and other goods; expropriation of property; restrictions and preferences affecting the issuance of oil and gas or mineral leases; restrictions on drilling and/or production; laws and regulations intended for the promotion of safety; governmental support for other forms of energy; and laws and regulations affecting the Company's relationships with employees, suppliers, customers, stockholders and others. Because governmental actions are often motivated by political considerations, may be taken without full consideration of their consequences, and may be taken in response to actions of other governments, it is not practical to attempt to predict the likelihood of such actions, the form the actions may take or the effect such actions may have on the Company.

The Company and its subsidiaries are engaged in a number of legal proceedings, all of which the Company considers routine and incidental to its business and none of which is considered material. In the normal course of its business, the Company is required under certain contracts with various governmental authorities and others to provide letters of credit that may be drawn upon if the Company fails to perform under those contracts. At June 30, 2000, the Company had contingent liabilities of \$55.4 million on outstanding letters of credit and \$71 million under certain financial guarantees.

### NOTE D - DERIVATIVE INSTRUMENTS

The Company uses derivative instruments on a limited basis to manage certain risks related to interest rates, foreign currency exchange rates and commodity prices. Instruments that reduce the exposure of assets, liabilities or anticipated transactions to interest rate, currency or price risks are accounted for as hedges. Gains or losses on derivatives that cease to qualify as hedges are recognized in income or expense. The use of derivative instruments for risk management is covered by operating policies and is closely monitored by the Company's senior management. The Company does not hold any derivatives for trading purposes, and it does not use derivatives with leveraged or complex features. Derivative instruments are traded either with creditworthy major financial institutions or over national exchanges.

Murphy uses interest rate swap agreements to convert certain variable rate long-term debt to fixed rates. Under the accrual/settlement method of accounting, the Company records the net amount to be received or paid under the swap agreements as part of "Interest Expense" in the Consolidated Statements of Income. If the Company should terminate an interest rate swap prior to maturity, any cash paid or received as settlement would be deferred and recognized as an adjustment to "Interest Expense" over the shorter of the remaining life of the debt or the remaining contractual life of the swap.

The Company periodically uses crude oil swap agreements to reduce a portion of the financial exposure of its U.S. refineries to crude oil price movements. Unrealized gains or losses on such swap contracts are generally deferred and recognized in connection with the associated crude oil purchase. If conditions indicate that the market price of finished products would not allow for recovery of the costs of the finished products, including any unrealized loss on the crude oil swap, a liability will be provided for the nonrecoverable portion of the unrealized swap loss. The Company records the pretax contract results in "Crude Oil, Products and Related Operating Expenses" in the Consolidated Statements of Income.

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTD.)

### NOTE D - DERIVATIVE INSTRUMENTS (CONTD.)

The Company periodically uses natural gas swap agreements to reduce a portion of the financial exposure of its Meraux, Louisiana refinery to fluctuations in the price of future natural gas fuel purchases. Unrealized gains or losses on such swap contracts are deferred and recognized in connection with the associated fuel purchases. The Company records the pretax contract results in "Crude Oil, Products and Related Operating Expenses" in the Consolidated Statements of Income.

### NOTE E - EARNINGS PER SHARE

Net income was used as the numerator in computing both basic and diluted income per Common share for the three-month and six-month periods ended June 30, 2000 and 1999. The following table reconciles the weighted-average shares outstanding used for these computations.

Reconciliation of Shares Outstanding	Three Months Ended Six Months Ended June 30, June 30				
(Weighted-average shares)	2000	1999	2000	1999	
Basic method Dilutive stock options	, ,	44,963,681 71,534	, ,	44,959,429 22,178	
Diluted method	45,255,936	45,035,215	45,203,079	44,981,607	

The computations of earnings per share in the Consolidated Statements of Income did not consider outstanding options at the end of the periods of 73,500 shares for the three-month period of 2000, 687,750 shares for the three-month period of 1999, 147,000 shares for the six-month period of 2000, and 1,008,250 shares for the six-month period of 1999 because the effects of these options would have improved the Company's earnings per share. Average exercise prices per share of the options not used were \$65.49, \$53.33, \$62.97 and \$47.72, respectively.

### NOTE F - PROVISION FOR REDUCTION IN FORCE

In early 1999, the Company offered enhanced voluntary retirement benefits to eligible exploration, production and administrative employees in its New Orleans and Calgary offices and severed certain other employees at these locations. The voluntary retirements and severances reduced the Company's work force by 31 employees, and a "Provision for Reduction in Force" of \$1.5 million was recorded in the Consolidated Statement of Income for the six months ended June 30, 1999. The provision included additional deferred benefit plan expense of \$1 million and severance and other costs of \$.5 million, the latter of which was essentially all paid during 1999.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### RESULTS OF OPERATIONS

THREE MONTHS ENDED JUNE 30, 2000 COMPARED TO THREE MONTHS ENDED JUNE 30, 1999

Income before a special item in the second quarter of 2000 totaled a Company record \$82.7 million, \$1.83 a diluted share, compared to earnings of \$15.7 million, \$.35 a diluted share, in the second quarter of 1999. Including a special gain on sale of assets of \$1.5 million or \$.03 a diluted share, net income for the second quarter of 2000 totaled \$84.2 million, \$1.86 a diluted share.

A combination of strong worldwide oil prices, improved North American natural gas prices and healthier U.S. downstream margins propelled the Company to an all-time high for quarterly net income. The Company's average worldwide crude oil price improved 78% over the prior year, while the average sales price for natural gas increased by almost 60% in North America. Downstream operations made a significant contribution to Murphy's results as U.S. finished product margins rebounded nicely in the second quarter from depressed levels earlier in the year. The Company's natural gas sales in Canada set a record due to start-up of production from recent discoveries in western Canada.

Murphy's exploration and production operations earned a record \$67.2 million in the second quarter of 2000 compared to \$20.1 million in the same quarter of 1999. Exploration and production operations in the United States earned \$20 million compared to \$7.8 million in the second quarter of 1999. Operations in Canada earned \$29.1 million compared to \$8.4 million a year ago, and U.K. operations earned \$21.6 million compared to \$3.4 million. Operations in Ecuador earned \$5.8 million in the second quarter of 2000 compared to \$3.1 million a year ago. Other international operations reported a loss of \$9.3 million compared to a \$2.6 million loss a year earlier. The Company's worldwide crude oil and condensate sales prices averaged \$25.83 a barrel in the current quarter compared to \$14.50 a year ago. Crude oil and condensate sales prices averaged \$28.54 a barrel in the United States, up 78%, and \$28.04 in the United Kingdom, up 83%. In Canada, sales prices averaged \$26.14 a barrel for light oil, up 70% from last year; \$19.41 for heavy oil, up 78%; \$27.86 for production from the offshore Hibernia field, up 91%; and \$28.18 for synthetic oil, up 66%. The average crude oil sales price in Ecuador was \$19.54 a barrel, up 86%. Total crude oil and gas liquids production averaged 66,131 barrels a day compared to 65,547 in the second quarter of 1999. Production increased 2,841 barrels a day or 42% at Hibernia, 1,934 or 23% for Canadian heavy oil and 1,292 or 7% in the United Kingdom. In other areas, production decreased 2,108 barrels a day or 24% in the United States, 1,656 or 15% for synthetic oil in Canada, 1,147 or 16% for crude oil in Ecuador and 572 or 16% for Canadian light oil. In the current quarter, natural gas sales prices averaged \$3.43 a thousand cubic feet (MCF) in the United States, up 61%; \$2.81 in Canada, up 62%; and \$1.70 in the United Kingdom, up 23%. natural gas sales averaged 230 million cubic feet a day in the current quarter compared to 246 million a year ago. Sales of natural gas in the United States averaged 151 million cubic feet a day, down from 183 million in the second quarter of 1999 as a result of a decrease in production from mature fields in the Gulf of Mexico. Canadian natural gas sales averaged 70 million cubic feet a day in the current quarter, an increase of 26%, and U.K. sales were 9 million, up 22%. Exploration expenses totaled \$20.8 million compared to \$13.7 million in 1999. Exploration efforts in the second quarter were primarily focused on wells to be drilled later this year in the deepwater Gulf of Mexico and offshore Malaysia and Nova Scotia. The tables on page 12 provide additional details of the results of exploration and production operations for the second quarter of each year.

Earnings from Murphy's downstream operations for the three months ended June 30, 2000 were \$22.5 million, up from \$3.2 million in 1999. Refining, marketing and transportation operations in the United States reported earnings of \$14.5 million compared to a loss of \$1.4 million a year ago. Operations in the United Kingdom earned \$5.7 million compared to \$2.5 million in the second quarter of 1999. Earnings from purchasing, transporting and reselling crude oil in Canada were \$2.3 million in the 2000 quarter compared to \$2.1 million in last year's second quarter. Refinery crude runs worldwide for the quarter reached an all-time high of 173,168 barrels a day compared to 161,321 in the second quarter of 1999; this increase was caused by record throughputs at the Company's Meraux, Louisiana refinery. Worldwide refined product sales were also a record at 180,733 barrels a day compared to 163,663 a year ago.

Corporate functions, which include interest income and expense and corporate overhead not allocated to operating functions, reflected a loss of \$7 million before special items in the current quarter compared to a loss of \$7.6 million in the second quarter of 1999.

RESULTS OF OPERATIONS (CONTD.)

SIX MONTHS ENDED JUNE 30, 2000 COMPARED TO SIX MONTHS ENDED JUNE 30, 1999

For the first six months of 2000, the Company's net income totaled \$131.6 million, \$2.91 a diluted share, compared to \$9 million, \$.20 a share, a year ago. The current six-month period included the special after-tax gain of \$1.5 million, \$.03 a diluted share, from the sale of assets, while the same period a year ago included a special after-tax charge of \$1 million, \$.02 a share, for a reduction in force.

Year-to-date earnings from exploration and production operations were up \$99.6 million over the prior year, mainly due to increases in worldwide crude oil prices, U.S. and Canadian natural gas sales prices, Canadian natural gas sales volumes, and Canadian and U.K. crude oil production, partially offset by lower volumes for U.S. natural gas sales and crude oil production and higher exploration expenses. Improved results were also attained by the Company's downstream operations as earnings increased \$21.2 million, primarily because of higher product margins in the United States and the United Kingdom and higher product sales volumes in the United States.

Earnings from exploration and production operations for the six months ended June 30, 2000 were \$116.5 million, up from \$16.9 million in 1999. Canadian operations earned \$54.5 million for the first half of 2000 compared to \$8.6 million in the prior period, and U.K. operations earned \$44 million compared to \$4.9 million in 1999. Increases from the prior year also occurred in the United States, where earnings rose from \$3.1 million in 1999 to \$13.9 million in the current year, and in Ecuador, which had earnings of \$14.9 million compared to \$4.1 million. Other international operations recorded losses of \$10.8 million in the first six months of 2000 and \$3.8 million in the 1999 The Company's worldwide crude oil and condensate sales prices averaged \$25.46 a barrel in the 2000 period compared to \$12.56 a year ago. Crude oil and condensate sales prices averaged \$28.72 a barrel in the United States, up 106%, and \$27.35 in the United Kingdom, up 108%. In Canada, sales prices averaged \$26.27 a barrel for light oil, up 98% from last year; \$19.55 for heavy oil, up 105%; \$26.51 for Hibernia production, up 93%; and \$28.23 for synthetic oil, up 90%. The average crude oil sales price in Ecuador was \$19.60 a barrel, up 128%. Crude oil and gas liquids production for the first half of 2000 averaged 66,690 barrels a day compared to 64,557 during the same period of 1999. Production of crude oil and gas liquids in the United Kingdom averaged 21,522 barrels a day, up 9%, and crude oil production at Hibernia averaged 9,568, up 78%. In other areas, crude oil and gas liquids production averaged 9,932 barrels a day for Canadian heavy oil, up 12%; 8,876 for Canadian synthetic oil, down 20%; 7,102 in the United States, down 17%; 6,664 in Ecuador, down 8%; and 3,026 for Canadian light oil, down 16%. Natural gas sales prices for the first six months of 2000 averaged \$2.99 an MCF in the United States, up 51%; \$2.48 in Canada, also up 51%; and \$1.73 in the United Kingdom, up 3%. Total natural gas sales averaged 230 million cubic feet a day in 2000 compared to 248 million in 1999. Sales of natural gas in the United States averaged 152 million cubic feet a day, down 15%. Average natural gas sales volumes were 63 million cubic feet a day in Canada, up 14%, and 15 million in the United Kingdom, up 9%. Exploration expenses totaled \$68.7 million for the six months ended June 30, 2000, up from \$40 million a year ago. The increase in exploration expenses primarily occurred in the United States, Malaysia and Canada. The tables on page 12 provide additional details of the results of exploration and production operations for the first half of each year.

Earnings from the Company's downstream operations for the six months ended June 30, 2000 were \$27.3 million, up from \$6.1 million in 1999. Refining, marketing and transportation operations in the United States reported earnings of \$12.9 million in the first six months of 2000 compared to a loss of \$1.4 million for the same period last year; the improvement resulted from higher product margins and higher product sales volumes. Operations in the United Kingdom were also affected by higher product margins and earned \$10.6 million in the first half of 2000 compared to \$3.8 million in the prior year. Earnings from purchasing, transporting and reselling crude oil in Canada were \$3.8 million in the current year compared to \$3.7 million a year ago. Refinery crude runs worldwide were 167,566 barrels a day compared to 126,461 a year ago. Petroleum product sales were 173,832 barrels a day, up from 140,658 in 1999. Crude runs and product sales in 1999 were both adversely affected by a plant-wide turnaround at the Company's Meraux, Louisiana refinery. Also, U.S. product sales in 2000 at Murphy's stations built on Wal-Mart parking lots increased considerably from the prior year.

Excluding special items, financial results from corporate functions reflected losses of \$13.7 million in the first half of 2000 and \$13 million a year ago.

### FINANCIAL CONDITION

Net cash provided by operating activities was \$355.3 million for the first six months of 2000 compared to \$91.3 million for the same period in 1999. Changes in operating working capital other than cash and cash equivalents provided cash of \$21.9 million in the first six months of 2000, while requiring cash of \$33.4 million in the 1999 period. Cash from operating activities was reduced by expenditures for refinery turnarounds and abandonment of oil and gas properties totaling \$6.4 million in the current year and \$40.8 million in 1999. Other predominant uses of cash in each year were for capital expenditures, which including amounts expensed, are summarized in the following table, and for dividends, which totaled \$31.5 million each in 2000 and 1999.

Capital Expenditures	Six	Months Ended	June 30,
(Millions of dollars)		2000	1999
Exploration and production		51.6	147.3 38.8 1.0
	====	\$ 264.4	187.1

Working capital at June 30, 2000 was \$151.9 million, up \$46.4 million from December 31, 1999. This level of working capital does not fully reflect the Company's liquidity position, because the lower historical costs assigned to inventories under LIFO accounting were \$143.9 million below current costs at June 30, 2000.

At June 30, 2000, long-term notes payable of \$258 million were up \$9.4 million due to additional borrowing for certain oil and gas development projects. Long-term nonrecourse debt of a subsidiary was \$139.3 million, down \$5.3 million from December 31, 1999. A summary of capital employed at June 30, 2000 and December 31, 1999 follows.

Capital Employed	June 30,	2000	December 31,	1999
(Millions of dollars)	Amount	% 	Amount	% 
Notes payable	\$ 258.0	17	248.6	17
subsidiary	139.3 1,131.6	9 74	144.6 1,057.2	10 73
	\$ 1,528.9	100	1,450.4	100

### NEW ACCOUNTING STANDARD

The Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS) No. 133, "Accounting for Derivative Instruments and Hedging Activities," in 1998. This statement establishes accounting and reporting standards for derivative instruments and hedging activities. Effective January 1, 2001, Murphy must recognize the fair value of all derivative instruments as either assets or liabilities in its Consolidated Balance Sheet. A derivative instrument meeting certain conditions may be designated as a hedge of a specific exposure; accounting for changes in a derivative's fair value will depend on the intended use of the derivative and the resulting designation. Any transition adjustments resulting from adopting this statement will be reported in either net income or other comprehensive income, as appropriate, as the cumulative effect of a change in accounting principle. As described under Note D on page 5 of this Form 10-Q report, the Company makes limited use of derivative instruments to hedge specific market risks. The Company has not yet determined the effects that SFAS No. 133 will have on its future consolidated financial statements or the amount of the

cumulative adjustment that will be made upon adopting this new standard.

### FORWARD-LOOKING STATEMENTS

This Form 10-Q report contains statements of the Company's expectations, intentions, plans and beliefs that are forward-looking and are dependent on certain events, risks and uncertainties that may be outside of the Company's control. These forward-looking statements are made in reliance upon the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Actual results and developments could differ materially from those expressed or implied by such statements due to a number of factors including those described in the context of such forward-looking statements as well as those contained in the Company's January 15, 1997 Form 8-K report on file with the U.S. Securities and Exchange Commission.

### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to market risks associated with interest rates, foreign currency exchange rates, and prices of crude oil, natural gas and petroleum products. As described in Note D on page 5 of this Form 10-Q report, Murphy makes limited use of derivative financial and commodity instruments to manage certain risks associated with existing or anticipated transactions.

At June 30, 2000, the Company had interest rate swaps with notional amounts totaling \$100 million that were designed to convert a similar amount of variable-rate debt to fixed rates. These swaps mature in 2002 and 2004. The swaps require the Company to pay an average interest rate of 6.46% over their composite lives, and at June 30, 2000, the interest rate to be received by the Company averaged 6.44%. The variable interest rate received by the Company under each swap contract is repriced quarterly. The Company considers these swaps to be a hedge against potentially higher future interest rates. The estimated fair value of these interest rate swaps was a gain of \$1 million at June 30, 2000.

At June 30, 2000, the Company's long-term debt included \$120.6 million with variable interest rates and \$79.4 million denominated in Canadian dollars. Based on debt outstanding at June 30, 2000, a 10% increase in variable interest rates would increase the Company's interest expense for the next 12 months by \$.1 million after a \$.6 million favorable effect of net settlements under the aforementioned interest rate swaps. A 10% increase in the exchange rate of the Canadian dollar vs. the U.S. dollar would increase interest expense over the next 12 months by \$.3 million on debt denominated in Canadian dollars.

Prior to April 2000, the Company was a party to crude oil swap agreements for a total notional volume of 2.3 million barrels that reduced a portion of the financial exposure of Murphy's U.S. refineries to crude oil price movements in 2001 and 2002. Under each swap agreement, Murphy would pay a fixed crude oil price and would receive the average near-month NYMEX West Texas Intermediate crude oil price during the agreement's contractual maturity period. In April 2000, Murphy settled contracts for 1.7 million barrels, receiving cash of \$5.8 million from the counterparties, and entered into offsetting contracts for the remaining swap agreements, locking in a future net cash settlement of \$1.9 million. These settlement gains will be deferred and recognized as a reduction of costs of crude oil purchases in 2001 and 2002.

At June 30, 2000, Murphy was also a party to natural gas swap agreements for a total notional volume of 7 million MMBTU that are intended to reduce a portion of the financial exposure of its Meraux, Louisiana refinery to fluctuations in the price of natural gas purchased for fuel. The agreements are to be settled equally over the 12 months of 2004. In each month of settlement, the swaps require Murphy to pay an average natural gas price of \$2.61 an MMBTU and to receive the average NYMEX Henry Hub price for the final three trading days of the month. At June 30, 2000, the estimated fair value of these agreements was a gain of \$1.2 million; a 10% fluctuation in the average NYMEX Henry Hub price of natural gas would have changed the estimated fair value of these swaps by \$1.5 million.

### PART II - OTHER INFORMATION

### ITEM 1. LEGAL PROCEEDINGS

On June 29, 2000, the U.S. Government and the State of Wisconsin each filed a lawsuit against Murphy in the U.S. District Court for the Western District of Wisconsin. The suits, arising out of a 1998 compliance inspection, include claims for alleged violations of federal and state environmental laws at Murphy's Superior, Wisconsin refinery. The suits seek compliance as well as substantial monetary penalties. The Company believes it has valid defenses to these allegations and plans a vigorous defense. While no assurance can be given, the Company does not believe that the ultimate resolution of these matters will have a material adverse effect on its financial condition.

Murphy and its subsidiaries are engaged in a number of other legal proceedings, all of which Murphy considers routine and incidental to its business and none of which is expected to have a material adverse effect on the Company's financial condition.

### ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

At the annual meeting of security holders on May 10, 2000, the directors proposed by management were elected with a tabulation of votes to the nearest share as shown below.

	For	Withheld
D D D 11		
B. R. R. Butler	41,555,478	656,872
George S. Dembroski	41,373,781	838,569
Claiborne P. Deming	41,560,272	652,078
H. Rodes Hart	41,560,828	651,522
Robert A. Hermes	41,562,756	649,594
Michael W. Murphy	41,515,216	697,134
R. Madison Murphy	41,561,637	650,713
William C. Nolan Jr.	41,512,718	699,632
Caroline G. Theus	41,513,942	698,408

The security holders approved amendments to the Employee Stock Purchase Plan as described in the Proxy Statement by a vote of 41,691,082 shares in favor, 407,802 shares against and 113,466 shares not voted. In addition, the earlier appointment by the Board of Directors of KPMG LLP as independent auditors for 2000 was approved, with 42,131,287 shares voted in favor, 14,138 shares voted in opposition, and 66,925 shares not voted.

### ITEM 6. EXHIBITS AND REPORTS ON FORM 8-K

- (a) The Exhibit Index on page 15 of this Form 10-Q report lists the exhibits that are hereby filed or incorporated by reference.
- (b) No reports on Form 8-K were filed for the quarter ended June 30, 2000.

### **SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

MURPHY OIL CORPORATION (Registrant)

By /s/ JOHN W. ECKART

John W. Eckart, Controller (Chief Accounting Officer and Duly Authorized Officer)

### MURPHY OIL CORPORATION As Amended Effective May 10, 2000

### ARTICLE I.

### Offices.

Section 1. Offices. Murphy Oil Corporation (hereinafter called the Company) may have, in addition to its principal office in Delaware, a principal or other office or offices at such place or places, either within or without the State of Delaware, as the board of directors may from time to time determine or as shall be necessary or appropriate for the conduct of the business of the Company.

### ARTICLE II.

### Meetings of Stockholders.

Section 1. Place of Meetings. The annual meeting of the stockholders shall be held at the place therein determined by the board of directors and stated in the notice thereof, and other meetings of the stockholders may be held at such place or places, within or without the State of Delaware, as shall be fixed by the board of directors and stated in the notice thereof.

Section 2. Annual Meetings. The annual meeting of stockholders for the election of directors and the transaction of such other business as may come before the meeting shall be held in each year on the second Wednesday in May. If this date shall fall upon a legal holiday, the meeting shall be held on the next succeeding business day. At each annual meeting the stockholders entitled to vote shall elect a board of directors and they may transact such other corporate business as shall be stated in the notice of the meeting.

Section 3. Special Meetings. Special meetings of the stockholders for any purpose or purposes may be called by the Chairman of the Board or by order of the board of directors and shall be called by the Chairman of the Board or the Secretary upon the written request of stockholders holding of record at least a majority of the outstanding shares of stock of the Company entitled to vote at such meeting. Such written request shall state the purpose or purposes for which such meeting is to be called.

Section 4. Notice of Meetings. Except as otherwise expressly required by law, notice of each meeting of stockholders, whether annual or special, shall be given at least 10 days before the date on

### Ex. 3.2-1

which the meeting is to be held to each stockholder of record entitled to vote thereat by delivering a notice thereof to him personally, or by mailing such notice in a postage prepaid envelope directed to him at his address as it appears on the books of the Company, unless he shall have filed with the Secretary of the Company a written request that notices intended for him be directed to another address, in which case such notice shall be directed to him at the address designated in such request. Notice of any meeting of stockholders shall not be required to be given to any stockholder who shall attend such meeting in person or by proxy; and if any stockholder shall in person or by attorney thereunto authorized, in writing or by telegraph, cable, radio or wireless and confirmed in writing, waive notice of any meeting of the stockholders, whether prior to or after such meeting, notice thereof need not be given to him. Notice of any adjourned meeting of the stockholders shall not be required to be given except where expressly required by law.

Section 5. Quorum. At each meeting of the stockholders the holders of record of a majority of the issued and outstanding stock

of the Company entitled to vote at such meeting, present in person or by proxy, shall constitute a quorum for the transaction of business except where otherwise provided by law, the certificate of incorporation or these by-laws. In the absence of a quorum, any officer entitled to preside at or act as secretary of such meeting shall have the power to adjourn the meeting from time to time until a quorum shall be constituted. At any such adjourned meeting at which a quorum shall be present any business may be transacted which might have been transacted at the meeting as originally called.

Section 6. Voting. At every meeting of stockholders each holder of record of the issued and outstanding stock of the Company entitled to vote at such meeting shall be entitled to one vote in person or by proxy, but no proxy shall be voted after three years from its date unless the proxy provides for a longer period, and, except where the transfer books of the Company have been closed or a date has been fixed as the record date for the determination of stockholders entitled to vote, no share of stock shall be voted directly or indirectly. At all meetings of the stockholders, a quorum being present, all matters shall be decided by majority vote of those present in person or by proxy, except as otherwise required by the laws of the State of Delaware or the certificate of incorporation. The vote thereat on any question need not be by ballot unless required by the laws of the State of Delaware.

### ARTICLE III.

### Board of Directors.

Section 1. General Powers. The property, business and affairs of the Company shall be managed by the board of directors.

Section 2. Number and Term of Office. The number of directors shall be nine, but may from time to time be increased or diminished to not less than three by amendment of these by-laws. Directors need not be stockholders. Each director shall hold office until the annual meeting of the stockholders next following his election and until his successor shall have been elected and shall qualify, or until his death, resignation or removal.

Ex. 3.2-2

Section 3. Quorum and Manner of Acting. Unless otherwise provided by law the presence of six members of the board of directors shall be necessary to constitute a quorum for the transaction of business. In the absence of a quorum, a majority of the directors present may adjourn the meeting from time to time until a quorum shall be present. Notice of any adjourned meeting need not be given. At all meetings of directors, a quorum being present, all matters shall be decided by the affirmative vote of a majority of the directors present, except as otherwise required by the laws of the State of Delaware.

Section 4. Place of Meetings, etc. The board of directors may hold its meetings and keep the books and records of the Company at such place or places within or without the State of Delaware as the board may from time to time determine.

Section 5. Annual Meeting. Promptly after each annual meeting of stockholders for the election of directors and on the same day the board of directors shall meet for the purpose of organization, the election of officers and the transaction of other business. Notice of such meeting need not be given. Such meeting may be held at any other time or place as shall be specified in a notice given as hereinafter provided for special meetings of the board of directors or in a consent and waiver of notice thereof signed by all the directors.

Section 6. Regular Meetings. Regular meetings of the board of directors may be held at such time and place, within or without the State of Delaware, as shall from time to time be determined by the board of directors. After there has been such determination and notice thereof has been once given to each member of the board of directors, regular meetings may be held without further notice being given.

Section 7. Special Meetings; Notice. Special meetings of the board of directors shall be held whenever called by the Chairman of the Board or by a majority of the directors. Notice of each such meeting shall be mailed to each director, addressed to him at his residence or usual place of business, at least 10 days before the day on which the meeting is to be held, or shall be sent to him at such place by telegraph, cable, radio or wireless, or be delivered personally or by telephone, not later than the day before the day on which such meeting is to be held. Each such notice shall state the time and place of the meeting but need not state the purposes thereof. Notice of any meeting of the board of directors need not be given to any director, however, if waived by him in writing or by telegraph, cable, radio or wireless and confirmed in writing, whether before or after such meeting, or if he shall be present at such meeting. Any meeting of the board of directors shall be a legal meeting without any notice thereof having been given if all the directors then in office shall be present thereat.

Section 8. Resignation. Any director of the Company may resign at any time by giving written notice to the Chairman of the Board or the Secretary of the Company. The resignation of any director shall take effect upon receipt of notice thereof or at such later time as shall be specified in such notice; and, unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective.

Section 9. Removal. Any director may be removed at any time, either with or without cause, by the affirmative vote of the holders of record of a majority of the issued and outstanding class of stock of the Company entitled to vote for the election of such director, given at a special meeting of

the stockholders called for that purpose. The vacancy in the board of directors caused by any such removal may be filled by the stockholders at such meeting.

Section 10. Vacancies. Any vacancy that shall occur in the board of directors by reason of death, resignation, disqualification or removal or any other cause whatever, unless filled as provided in Section 9 hereof, shall be filled by the majority (even if that be only a single director) of the remaining directors theretofore elected by the holders of the class of capital stock which elected the directors whose office shall have become vacant. If any new directorship is created by increase in the number of directors, a majority of the directors then in office may fill such new directorship. The term of office of any director so chosen to fill a vacancy or a new directorship shall terminate upon the election and qualification of directors at any meeting of stockholders called for the purpose of electing directors.

Section 11. Compensation of Directors. Directors may receive a fee, as fixed by the Chairman of the Board, for their services, together with expenses for attendance at regular or special meetings of the board. Members of committees of the board of directors may be allowed compensation for attending committee meetings. Nothing herein contained shall be construed to preclude any director from serving the Company or any subsidiary thereof in any other capacity and receiving compensation therefor.

### ARTICLE IV.

### Committees of the Board.

Section 1. Executive Committee. The board of directors shall elect from the directors an executive committee.

The board of directors shall fill vacancies in the executive committee by election from the directors.

The executive committee shall fix its own rules of procedure and shall meet where and as provided by such rules or by resolution of the board of directors, but in every case the presence of at least three members of the committee shall be necessary to constitute a quorum for the transaction of business.

In every case the affirmative vote of a majority of all of the members of the committee present at the meeting shall be necessary for the adoption of any resolution.

Section 2. Membership and Powers. The executive committee shall consist of such number of members as the board in its discretion shall determine, in addition to the Chairman of the Board, who by virtue of his office shall be a member of the executive committee and chairman thereof. Unless otherwise ordered by the board of directors, each elected member of the executive committee shall continue to be a member thereof until the expiration of his term of office as a director.

Ex. 3.2-4

The executive committee, subject to any limitations prescribed by the board of directors, shall have special charge of all financial accounting, legal and general administrative affairs of the Company. During the intervals between the meetings of the board of directors the executive committee shall have all the powers of the board in the management of the business and affairs of the Company, including the power to authorize the seal of the Company to be affixed to all papers which require it, except that said committee shall not have the power of the board (i) to fill vacancies in the board, (ii) to amend the by-laws, (iii) to adopt a plan of merger or consolidation, (iv) to recommend to the stockholders the sale, lease, exchange, mortgage, pledge or other disposition of all or substantially all of the property and assets of the Company otherwise than in the usual and regular course of its business, or (v) to recommend to the stockholders a voluntary dissolution of the Company or a revocation thereof.

Section 3. Other Committees. The board of directors may, by resolution or resolutions passed by a majority of the whole board, designate one or more other committees, each committee to consist of two or more of the directors of the Company, which, to the extent provided in said resolution or resolutions, shall have and may exercise the powers of the board of directors in the management of the business and affairs of the Company, and may have power to authorize the seal of the Company to be affixed to all papers which may require it. Such committee or committees shall have such name or names as may be determined from time to time by resolution adopted by the board of directors.

### ARTICLE V.

### Officers.

Section 1. Number. The principal officers of the Company shall be a Chairman of the Board, President, one or more Vice Presidents (which may be designated as Executive or Senior Vice President(s)), a Secretary, a Treasurer, and a Controller. No officers except the Chairman of the Board and President need be directors. One person may hold the offices and perform the duties of any two or more of said offices.

Section 2. Election and Term of Office. The principal officers of the Company shall be chosen annually by the board of directors at the annual meeting thereof. Each such officer shall hold office until his successor shall have been chosen and shall qualify, or until his death or until he shall resign or shall have been removed in the manner hereinafter provided.

Section 3. Subordinate Officers. In addition to the principal officers enumerated in Section 1 of this Article V, the Company may have one or more Assistant Vice Presidents, one or more Assistant Treasurers, one or more Assistant Secretaries and such other officers, agents and employees as the board of directors may deem necessary, each of whom shall hold office for such period, have such authority, and perform such duties as the board or the President may from time to time determine. The board of directors may delegate to any principal officer the power to appoint and to remove any such subordinate officers, agents or employees.

Ex. 3.2-5

Section 4. Compensation of Principal Officers. The salaries of the principal officers shall be fixed from time to time either by the board of directors or by a committee of the board to which such power may be delegated. The salaries of any other officers shall be fixed by the President or by a committee or committees to which he may delegate such power.

Section 5. Removal. Any officer may be removed, either with or without cause, at any time, by resolution adopted by the board of directors at any regular meeting of the board or at any special meeting of the board called for the purpose at which a quorum is present.

Section 6. Vacancies. A vacancy in any office may be filled for the unexpired portion of the term in the manner prescribed in these by-laws for election or appointment to such office for such term

Section 7. Chairman of the Board. The Chairman of the Board shall preside at all meetings of the stockholders and directors at which he may be present. He shall have such other authority and responsibility and perform such other duties as may be determined by the board of directors.

Section 8. President. The President shall be the chief executive officer of the Company and as such shall have general supervision and management of the affairs of the Company subject to the control of the board of directors. He may enter into any contract or execute any deeds, mortgages, bonds, contracts or other instruments in the name and on behalf of the Company except in cases in which the authority to enter into such contract or execute and deliver such instrument, as the case may be, shall be otherwise expressly delegated. In general he shall perform all duties incident to the office of President as herein defined and all such other duties as from time to time may be assigned to him by the board of directors. In the absence of the Chairman of the Board, the President shall preside at meetings of the stockholders and directors.

Section 9. Vice Presidents. The Vice Presidents, in order of their seniority unless otherwise determined by the board of directors, shall in the absence or disability of the President perform the duties and exercise the powers of such offices. The Vice Presidents shall perform such other duties and have such other powers as the President or the board of directors may from time to time prescribe.

Section 10. Secretary. The Secretary shall attend all sessions of the board and all meetings of the stockholders, and record all votes and the minutes of all proceedings in a book to be kept for that purpose, and shall perform like duties for the committees of the board of directors when required. He shall give or cause to be given, notice of all meetings of the stockholders and of special meetings of the board of directors, and shall perform such other duties as may be prescribed by the board of directors, or the President, under whose supervision he shall be. He shall keep in safe custody the seal of the Company and, when authorized by the board of directors, affix the same to any instrument requiring it, and when so affixed it shall be attested by his signature or by the signature of the Treasurer or an Assistant Secretary.

Section 11. Treasurer. The Treasurer shall have custody of the corporate funds and securities and shall keep full and accurate accounts of receipts and disbursements in the books belonging to the

Company, and shall deposit all moneys and other valuable effects in the name and to the credit of the Company in such depositories as may be designated from time to time by the Board of Directors.

He shall disburse the funds of the Company as may be ordered by the board, taking proper vouchers for such disbursements, and shall render to the President and board of directors at the regular meetings of the board, or whenever they may require it, an account of the financial condition of the Company.

If required by the board of directors, he shall give the Company a bond, in such sum and with such surety or sureties as shall be satisfactory to the board, for the faithful performance of the duties of his office, and for the restoration to the Company, in case of his death, resignation, retirement or removal from office, of all books, papers, vouchers, money and other property of whatever kind in his possession or under his control belonging to the Company.

Section 12. Controller. The Controller shall be in charge of the accounts of the Company and shall perform such duties as from time to time may be assigned to him by the President or by the board of directors.

### ARTICLE VI.

### Shares and Their Transfer.

Section 1. Certificates for Stock. Certificates for shares of capital stock of the Company shall be numbered, and shall be entered in the books of the Company, in the order in which they are issued.

Section 2. Regulations. The board of directors may make such rules and regulations as it may deem expedient, not inconsistent with the certificate of incorporation or these by-laws, concerning the issue, transfer and registration of certificates for shares of capital stock of the Company. It may appoint, or authorize any principal officer or officers to appoint, one or more transfer clerks or one or more transfer agents and one or more registrars, and may require all such certificates to bear the signature or signatures of any of them.

Section 3. Stock Certificate Signature. The certificates for shares of the respective classes of such stock shall be signed by, or in the name of the Company by, the Chairman of the Board, the President or any Vice President and the Treasurer or an Assistant Treasurer, or the Secretary or an Assistant Secretary, and where signed (a) by a transfer agent or an assistant transfer agent or (b) by a transfer clerk acting on behalf of the Company and a registrar, the signature of any such Chairman of the Board, President, Vice President, Treasurer, Assistant Treasurer, Secretary or Assistant Secretary may be facsimile. Each such certificate shall exhibit the name of the holder thereof and number of shares represented thereby and shall not be valid until countersigned by a transfer agent.

The board of directors may, if it so determines, direct that certificates for shares of any class or classes of capital stock of the Company be registered by a registrar, in which case such certificates will not be valid until so registered.

In case any officer of the Company who shall have signed, or whose facsimile signature shall have been used on, any certificate for shares of capital stock of the Company shall cease to be such officer, whether because of death, resignation or otherwise, before such certificate shall have been delivered by the Company, such certificate shall nevertheless be deemed to have been adopted by the Company and may be issued and delivered as though the person who signed such certificate or whose facsimile signature shall have been used thereon had not ceased to be such officer.

Section 4. Designations, Preferences, etc. on Certificates for Stock. Certificates for shares of capital stock of the Company shall state on the face or back thereof that the Company will furnish without charge to each stockholder who so requests (which request may be addressed to the Secretary of the Company or to a transfer agent) a statement of the designations, preferences and relative, participating, optional or other special rights of each class of stock or series thereof which the Company is authorized to issue and the qualifications, limitations or restrictions of such preferences and/or rights.

Section 5. Stock Ledger. A record shall be kept by the Secretary or by any other officer, employee or agent designated by the board of directors of the name of the person, firm, or corporation holding the stock represented by such certificates, the number of shares represented by such certificates, respectively, and the respective dates thereof, and in case of cancellation the respective dates of cancellation.

Section 6. Cancellation. Every certificate surrendered to the Company for exchange or transfer shall be canceled, and no new certificate or certificates shall be issued in exchange for any existing certificate until such existing certificate shall have been so canceled.

Section 7. Transfers of Stock. Transfers of shares of the capital stock of the Company shall be made only on the books of the Company by the registered holder thereof or by his attorney thereunto authorized on surrender of the certificate or certificates for such shares properly endorsed and the payment of all taxes thereon. The person in whose name shares of stock stand on the books of the Company shall be deemed the owner thereof for all purposes as regards the Company; provided, however, that whenever any transfer of shares shall be made for collateral security, and not absolutely, such fact, if known to the Secretary or the transfer agent making such transfer, shall be so expressed in the entry of transfer.

Section 8. Closing of Transfer Books. The board of directors may by resolution direct that the stock transfer books of the Company be closed for a period not exceeding 60 days preceding the date of any meeting of the stockholders, or the date for the payment of any dividend, or the date for the allotment of any rights, or the date when any change or conversion or exchange of capital stock of the Company shall go into effect, or for a period not exceeding 60 days in connection with obtaining the consent of stockholders for any purpose. In lieu of such closing of the stock transfer books, the board may fix in advance a date, not exceeding 60 days preceding the date of any meeting of stockholders, or the date for the payment of any dividend, or the date for the allotment of rights, or the date when any change or conversion or exchange of capital stock shall go into effect or a date in connection with obtaining such consent, as a record date for the determination of the stockholders entitled to notice of, and to vote at, such meeting, and any adjournment thereof, or to receive payment of any such dividend, or to receive any such allotment of rights, or to exercise the rights in

respect of any such change, conversion, or exchange of capital stock or to give such consent, as the case may be, notwithstanding any transfer of any stock on the books of the Company after any record date so fixed.

### ARTICLE VII.

### Miscellaneous Provisions.

Section 1. Corporate Seal. The board of directors shall provide a corporate seal which shall be in the form of a circle and shall bear the name of the Company and words and figures showing that it was incorporated in the State of Delaware in the year 1964. The Secretary shall be the custodian of the seal. The board of directors may authorize a duplicate seal to be kept and used by any other officer.

Section 2. Fiscal Year. The fiscal year of the Company shall be fixed by resolution of the board of directors.

Section 3. Voting of Stocks Owned by the Company. The board of directors may authorize any person in behalf of the Company to attend, vote and grant proxies to be used at any meeting of stockholders of any corporation in which the Company may hold stock.

Section 4. Dividends. Subject to the provisions of the certificate of incorporation, the board of directors may, out of funds legally available therefor, at any regular or special meeting declare dividends upon the capital stock of the Company as and when they deem expedient. Dividends may be paid in cash, in property, or in shares of capital stock of the Company, subject to the provisions of the certificate of incorporation. Before declaring any dividend there may be set apart out of any funds of the Company available for dividends such sum or sums as the directors from time to time in their discretion deem proper for working capital or as a reserve fund to meet contingencies or for equalizing dividends or for such other purposes as the directors shall deem conducive to the interests of the Company.

### ARTICLE VIII.

Indemnification of Officers, Directors, Employees and Agents; Insurance.

### Section 1. Indemnification.

(a) The Company may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (including an action by or in the right of the Company) by reason of the fact that he is or was a director, officer, employee or agent of the Company, or is or was serving at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys'

Ex. 3.2-9

fees) and, except for an action by or in the right of the Company, judgments, fines and amounts paid in settlement, actually and reasonably incurred by him in connection with such action, suit or proceeding, if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. Except for an action by or in the right of the Company, the termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Company, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful. With respect to an action by or in the right of the Company, no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his duty to the Company unless and only to the extent that the Delaware Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

- (b) To the extent that a director, officer, employee or agent of the Company has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsection (a) or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith.
- (c) Any indemnification under subsection (a) (unless ordered by a court) shall be made by the Company only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in subsection (a). Such determination shall be made (i) by the board of directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, or (ii) if such a quorum is not obtainable, or, even if obtainable a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (iii) by the stockholders.
- (d) Expenses incurred in defending a civil or criminal action, suit or proceeding may be paid by the Company in advance of the final disposition of such action, suit or proceeding as authorized by the board of directors in the manner provided in subsection (c) upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount unless it shall ultimately be determined that he is entitled to be indemnified by the Company as authorized in this section.
- (e) The indemnification provided by this Article shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under any agreement, vote of stockholders or disinterested directors or otherwise, both as to action in their official capacities and as to action in other capacities while holding such offices, and shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Section 2. Insurance. The Company may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the Company, or is or was serving at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the Company would have the power to indemnify him against such liability under the provisions of either the General Corporation Law of the State of Delaware or of these by-laws.

### ARTICLE IX.

### Amendments.

The by-laws of the Company may be altered, amended or repealed either by the affirmative vote of a majority of the stock issued and outstanding and entitled to vote in respect thereof and represented in person or by proxy at any annual or special meeting of the stockholders, or by the affirmative vote of a majority of the directors then in office given at any regular or special meeting of the board of directors. By-laws, whether made or altered by the stockholders or by the board of directors, shall be subject to alteration or repeal by the stockholders as in this Article provided.

Ex. 3.2-11

THIS FINANCIAL DATA SCHEDULE CONTAINS SUMMARY UNAUDITED FINANCIAL INFORMATION EXTRACTED FROM THE CONSOLIDATED BALANCE SHEET AT JUNE 30, 2000, AND THE CONSOLIDATED STATEMENT OF INCOME FOR THE SIX MONTHS THEN ENDED OF MURPHY OIL CORPORATION AND CONSOLIDATED SUBSIDIARIES AND IS QUALIFIED IN ITS ENTIRETY BY REFERENCE TO SUCH FINANCIAL STATEMENTS.
