Revenue Recognition, page 60

1. Expand the disclosure, here or elsewhere in the notes to your financial statements, to more clearly describe the circumstances under which, and the reasons why, you record revenue net of certain costs associated with generation of revenue, including transportation, gathering, compression, and processing fees. Additionally, explain to us your support for this presentation under FASB ASC 606, including how it corresponds to the satisfaction of your performance obligations under the terms of the contracts with your customers.

2. Your presentation of EBITDA includes an adjustment for discontinued operations. Exchange Act Release No. 47226 describes EBITDA as "earnings before interest, taxes, depreciation and amortization." For the purposes of EBITDA, "earnings" means net income as presented in the statement of operations under GAAP. Measures that are calculated differently than those described as EBITDA in Exchange Act Release No. 47226 should not be characterized as "EBITDA" and their titles should be distinguished from "EBITDA," such as "Adjusted EBITDA. Accordingly, either revise your calculation of EBITDA or revise the title to distinguish it from EBITDA. See Compliance and Disclosure Interpretation 103.01.  
You may contact Joseph Klinko, Staff Accountant, at (202) 551-3824 or Brad Skinner, Senior Assistant Chief Accountant, at (202) 551-3489 if you have any questions regarding the comments.
